Cypress Bend at Craft Farms boasts a 4-1/2 star rating by Golf Digest and was rated the #1 most playable new course in the US at its inception. This architectural masterpiece, features staggered tee boxes, sprawling bunkers, top quality putting surfaces and year-round lush and green conditions.

A perfect compliment to its big sister, Cotton Creek, this course has a coastal feel as it traverses a unique system of cord-grass accented lakes which come into play on nearly every hole. Cypress Bend offers wide fairways, vast landing areas and large undulating greens, giving golfers confidence as they prepare to tackle this Palmer creation.

In addition to outstanding golf, Craft Farms Coastal Golf Resort also offers complete on-site amenities, including the picturesque lakeside Cotton Creek Clubhouse, the award-winning Courtyard by Marriott and the luxurious Cypress Point Condominiums.
