Considered by many to be “the best value on the Gulf Coast,” Glenlakes Golf Club features unforgettable “links-style” golf.

Designed by renowned golf architects Robert Von Hagge and Bruce Devlin, Glenlakes is a must play for the golf purist as it has some of the best finishing holes to be found anywhere.

The front-nine “Vista” is relatively player-friendly as it eases golfers into their round. When tuning to the back-nine “Dunes,” players will immediately notice the dramatic Scottish “links-style” characteristics including rolling fairways, bordered by the designers’ hallmark moguls and mounds, in addition to pot bunkers and “postage stamp” greens.

To say the least, golfers of all abilities will love the challenging shots, natural beauty and truly unique golfing experience of Glenlakes.

This is golf at its very best.
