Of all the great coastal golf courses, Earl Stone's creation at Peninsula may be the most unique. This 27-hole layout set on beautiful Mobile Bay is nothing short of spectacular as it boasts over 7,000 yards from the championship tees and has been rated 4 1/2 stars by Golf Digest.

Situated on 820 secluded acres touched on two sides by the Bon Secour Wildlife Preserve, the natural beauty of Peninsula is a little slice of heaven right here along Alabama's Gulf Coast. This masterful design winds through live oaks, cypress and natural vegetation, more than 30 lakes and some of the area's largest white-sand bunkers and waste areas.

The three distinctive nine-hole courses at Peninsula offer golfers a dramatically different playing experience time after time and numerous tee boxes are available to accommodate every golfer's skill level. Only enhancing the enjoyment is a state of the art GPS system that gives players clear visuals of the holes and accurate yardage.

A tradition at Honours Golf facilities, Peninsula features chilled apples on the 1st tee on each of its 3-nines, and iced-cold towels delivered to you on sweltering days. Beyond the golf course, guests will enjoy the Southern Hospitality at Peninsula where you'll find friendly, experienced staff always willing to make your visit as enjoyable and complete as possible.
