TimberCreek Golf Club offers golfing enthusiasts a truly unique and memorable experience.

Expertly crafted by Earl Stone into a 27-hole championship facility, TimberCreek features terrain more reminiscent of the inland Carolinas than the coastal topography one might expect so close to the Gulf of Mexico.

Spacious, flowing fairways and immaculately manicured playing surfaces have been artistically sculpted from a forest of flowering Magnolias, Dogwoods, and Loblolly Pines. The wetlands of D'Olive Creek meander throughout the property, accentuating the natural beauty of the course while offering strategic challenges for golfers of all abilities.

Conveniently located just 1/4-mile north of I-10, exit 38 (directly across from the new Eastern Shore Centre), TimberCreek makes for a great playing option on the way in or out of Gulf Shores.
